

A505 - Winter Welding Gauntlet

Collection: Welders Gloves

Range: Gloves

Materials: Leather, Fleece, Aramid

Inner Pack: 6

Outer Carton: 48

Product information

Based on the highly successful A500, the A505 is perfect for working in cold conditions. The fleece lining helps to retain heat and the aramid stitching provides much needed reinforcement and durability.

Welders Gloves

Higher levels of protection are needed when a worker is dealing with extremely hot temperatures and heated materials. The Portwest Weld range has an expanding selection of hand protection solutions suitable for all welding and thermal risk.

Gloves

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....
